Prof. Andrey Ivanovich Rudskoy
President
Peter the Great St. Petersburg Polytechnic University, Russia

Dear Prof. Andrey Ivanovich Rudskoy,

As the whole world is facing great challenges caused by the coronavirus, I would like to express our deep and heartfelt wishes and solidarity to you and all the colleagues at Peter the Great St. Petersburg Polytechnic University on behalf of Jiangsu Industrial Technology Research Institute.

After more than two months of efforts, China is now gradually recovering from the epidemic. We were very grateful for your kind support at the beginning of the coronavirus outbreak in China and hope that our experience accumulated in fighting against the coronavirus can be helpful to you.

In today's world, international cooperation is more important than ever, especially when faced with such a public health challenge. In the past two months, JITRI has conducted many researches in the areas of coronavirus detection, prevention and treatment in collaboration with our international partners, which have greatly helped to overcome the coronavirus. We will always stand ready to support your efforts to fight the coronavirus, along with the considerable global coordination.

We always stand with you and look forward to our fruitful cooperation in the future. We hope that everything will be back to normal soon.

Best wishes,

Professor Qing Liu
President of JITRI
